## **DETAILED ACTION**

### ***Response to Amendment***

1. The amendment filed August 18, 2005 has been entered and fully considered.
2. Claims 1-20 are pending.

### ***Terminal Disclaimer***

3. The terminal disclaimer filed on August 18, 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of copending Application No. 10/779,788 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### ***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

5. Claims 1-20 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for a binder polymer having a weight average molecular weight in the range of 2,000 to 1,000,000, does not reasonably provide enablement for 5,000 or more. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the invention commensurate in scope with these claims. There is no support in the original specification of a binder polymer having a weight average molecular weight of more than 1,000,000. See page 55, lines 15-23.

***Response to Arguments***

6. Applicant's arguments, see page 9, section II., filed August, with respect to the rejection(s) of claim(s) 1-2, 4-5, 7-11, 13-14 and 16-20 under 35 USC 102(b) over Aoshima et al. (EP 1 235 107 A1) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of the amendment to independent claim 1.

***Conclusion***

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
